# Highland Montessori Summer Sessions!

Highland Montessori's Summer Camps are almost here! They will be open to preschool children ages 2.5-5.5yrs and all children must be fully toilet trained in order to attend. New applicants must attend a school observation in order to be considered for the summer program. Spaces are limited to 20 children and will fill quickly, so register early!

**Tuition fees are due at the time of registration. Registration for current families is due on/before March 15<sup>th</sup>.** Spaces are not guaranteed for registration requests made after March 15<sup>th</sup> as we will enroll new families for any open spaces.

*Summer is a relaxed time at Highland Montessori so please plan for children to enjoy bare feet, sun-kissed cheeks and dreamy days in the garden.*

Highland will be featuring two different special and exciting camp sessions: Art Camp and Science Camp. Each camp session will be 3 weeks long, focusing on the following themes.

## **Session 1, July 11-July 29: Art Camp**

**Week 1 Performing Arts:** Ms. Gregoire will bring her musical theatre background and expertise to our Performing Arts theme teaching Broadway songs, acting out skits, and creating our own Highland Montessori mini-play. Special Guest: TBD

**Week 2- Young Artists:** We will learn about famous artists and book illustrators such as Picasso, Pollock, O'Keefe, and Sendak. We will learn their styles and use their mediums and even create our very own personal styles of expression! Special Guest: Scribble Me Happy.

**Week 3- Dance & Music:** We will focus on dance and movement and learn different dance styles such as hip-hop and ballet. We will also learn about different global and classical instruments and get to explore and play music with them. Special Guest: Dance Instructor.

## **Session 2, August 1-August 19: Science Camp**

**Week 1- Bob Cats, Mountain Lions, Sea Otters, Oh My! – Zoology:** We will learn about the animals that are native to where we live. Special Guest: CuriOdyssey will come and bring animals for an up-close and personal meet-and-greet!

**Week 2- The Science of Cooking:** We will learn about the chemical reactions that occur during different cooking processes. We will also do experiments with decomposition, the capillary action of water in plants, and do blind taste and smell tests. Special Guest: ChefItUp!

**Week 3- Highland Flight School- Science of Aeronautics:** We will learn all about flight, including: the history of flight, types of aircrafts over the years, how birds are able to fly, and much more! We will be building real balsam wood rubber band powered airplanes.

Special Guest: A local pilot instructor. Field trip: Hiller Aviation Museum and a visit from a pilot!
